

GGTGAAGC

A DNA sequence logo for the sequence GGTGAAGC. The letters are color-coded: G is orange, C is blue, T is red, and A is green. The 'G' at position 3 is significantly larger than the others, indicating high conservation. Below the letters are horizontal bars representing the background sequence, with a red bar under the 'G' at position 3 and a blue bar under the 'A' at position 6.
