

A T A A G T G A C A

The image displays a DNA double helix structure. The top strand is green and the bottom strand is red. The bases are connected by hydrogen bonds (yellow lines). The sequence is read from left to right. The bases are: A (green), T (red), A (green), A (green), G (yellow), T (red), G (yellow), A (green), C (blue), A (green). The sequence is: A T A A G T G A C A.
