

G G G G A G G A A G

The image shows a DNA double helix structure. The bases are arranged in a sequence: G, G, G, G, A, G, G, A, A, G. The bases are color-coded: G is orange, A is green. The sugar-phosphate backbone is shown as horizontal lines in blue, green, and red. The bases are connected by vertical lines representing hydrogen bonds.

Base	Color
G	Orange
G	Orange
G	Orange
G	Orange
A	Green
